RSNA Press Release

Save the Date!

Released: June 4, 2025

WHAT: RSNA 2025: Imaging the Individual

The 111th Scientific Assembly & Annual Meeting of the Radiological Society of North America, the world's leading annual radiology forum. Highlights from the meeting include:

- Breaking news from featured research presentations and approximately 2,000 scientific presentations and posters covering the latest trends in imaging research on important topics like Alzheimer's disease, stroke, cancer, heart disease, obesity, AI advances and more.
- Opportunities to interview experts in all radiology subspecialties and related fields
- Technical Exhibits, including the AI Showcase, featuring cutting-edge medical imaging equipment, technologies, applications and solutions.

WHEN: Meeting dates: Sunday Nov. 30 – Thursday Dec. 4, 2025. The Newsroom will be open Nov. 30 – Dec. 3.

WHERE: McCormick Place, 2301 S. Lake Shore Drive, Chicago

REGISTER: Online media registration opens late July!

You are not registered for RSNA 2025 until you have been approved for credentials by RSNA and receive a confirmation notice.

The RSNA Meeting Newsroom is open only to members of the working press who can furnish proof that their attendance results in news coverage. Please review the Media Policies and Guidelines prior to registration.
