Opportunities abound online and in print

Career Connection

RSNA Career Connection (RSNA.org/career) is the comprehensive job search site tailored to fulfill all your staffing needs.

Job postings appear on the Web site for 30 days. Pricing starts at competitive rates and decreases with each additional posting purchased within 30 days. Enhance your listing by placing your ad in the Employer Spotlight—a special highlighted area that runs along the top of all job search results pages.

The company profile you create allows you to include pertinent information that is not in the ad but is important for prospective employees to know. You can upload graphics to this company profile area to enhance your job posting at no additional cost.

Every time a candidate applies for a job, an e-mail with the applicant's resume is sent to the employer. In addition, when you post a job, access to the ever-expanding resume database is available, allowing you to actively seek out qualified candidates.
