

Research is your future

Writing a Competitive Grant Proposal

Friday, January 29 – Saturday, January 30, 2010

RSNA Headquarters

Oak Brook, Illinois

For the third year, the **Radiological Society of North America (RSNA)** is holding a grant writing program for researchers in radiology, radiation oncology, nuclear medicine, and related sciences who are interested in actively pursuing federal funding.

A limited number of slots are available for this 1½-day intermediate-level course. The course combines didactic and small group interactive sessions and is designed to help radiologic researchers understand and apply the key components of writing a competitive grant proposal. This highly interactive workshop will address the **newly-implemented NIH Grant Application format**.

Topics include:

- The NIH Grant Application and Review Process – including new requirements
- Developing Specific Aims
- Funding Opportunities

Guided by a faculty of leading researchers with extensive experience in all aspects of grant applications and funding, the program will focus on developing realistic expectations of and tools for getting started on the grant process.

Faculty:

G. Scott Gazelle, MD, MPH, PhD
Massachusetts General Hospital

Robert J. Nordstrom, PhD
NIH/NCI

King C. Li, MD
Methodist Hospital, Houston, TX

Ruth C. Carlos, MD, MS
University of Michigan, Ann Arbor, MI

Elizabeth S. Burnside, MD, MPH
University of Wisconsin, Madison WI

Course Fee: \$175

Registration deadline: December 15th, 2009

Registration forms can be found at www.rsna.org/grantwriting
