Meeting: November 27-December 1
McCormick Place, Chicago

+ The Power of Exhibiting at **RSNA 2022**

If it happens in the world of radiology,
it happens here first.

RSNA® 2022

Empowering *Patients*
and *Partners* in Care

RSNA Is Your Trusted Partner

Globally Connected

We're 47,000+ members strong with members from 148 countries. Our society represents radiologists, radiation oncologists, medical physicists and related scientists across 31 subspecialties.

Thought Leaders

We publish five peer-reviewed journals, including *Radiology*, one of the most cited journals in the field, and *RadioGraphics*, the only journal dedicated to continued radiology education. Our three online subspecialty journals, *Radiology: Artificial Intelligence*, *Radiology: Cardiothoracic Imaging* and *Radiology: Imaging Cancer*, expand our reach providing the latest research and critical commentary in the field.

Trusted Partner

We connect your brand with our audience of key decision makers and influencers. Make RSNA 2022 your way to reach your audience, increase your sales and maximize your ROI.

Highly Respected

Our annual meeting is the world's largest medical imaging show and thought leadership forum. Manufacturers, suppliers and developers rely on the power of RSNA every year to reach our audience of 25,000 professional attendees—in person and online. (five-year average)

Engage on Another Level

Building your visibility and sharing your unique solutions is essential. That's why we provide a wide range of onsite and online sponsorship opportunities. Spread your message, build interest and generate leads. We're here to help you achieve measurable results.

- + Traffic generators
- + Virtual Presentations
- + Lunch & Learns

- + Radiologists and Practice Managers
- + Biomedical and Clinical Engineers
- + IT Managers
- + Health Care Consultants
- + Physicians, Scientists and Physicists

Decision Makers | Influencers | Industry Leaders

RSNA 2022 Exhibitors Reach Them All!

“Our 2021 Annual Meeting goals were to have exposure to new contacts and drive new opportunities, which were met by attending. We specifically had a good turnout with Neuroradiologists, our target audience. We were able to meet with many influencers in the industry”

Mike Brady

Regional Sales Manager, Brainreader.net

“RSNA is the best show I have supported in over 34 years of exhibit management!”

Diane Rogne

Trade Show Manager, Mindray

Discover **YOUR** Solution at **RSNA**

RSNA 2022 offers the power of connection.

Whether your audience is on the show floor or on their computers across the globe, we have a place for you. Our in-person and virtual options give you the flexibility to meet your prospects and clients on their terms to invite productive conversations and genuine connections. Most importantly, the take-away for RSNA exhibitors is a high-quality list of leads and referrals. Our specialized spaces allow you to refine your audience reach, catering to particular interests including Recruiters Row, Educators Row and our popular showcases. Whatever your goals, we have a solution for you.

AI Showcase & Theater

Show off your breakthrough innovations in AI, deep learning and machine learning in our largest showcase. This centerpiece space attracts attendees who want to be at the leading edge of this technology.

Limited presentation and sponsorship opportunities available to showcase participants.

3D Printing & Mixed Reality Showcase

If you offer products in medical 3D printing equipment and software, or advanced visualization products like augmented reality, holography and virtual reality platforms, this is the space for you. Radiologists, hospital administrators and c-suite executives know this is where they'll find the newest product innovations.

First-Time Exhibitor Pavilion

Minimize confusion. Maximize ROI. This turnkey solution takes the guesswork out of exhibiting decisions and is priced to get you in the door and connect you with the right audience. Packages include carpeting, basic furnishings and electrical service. Choose from 100, 200 or 300 square feet.

Satellite locations in the AI Showcase and 3D Printing & Mixed Reality Showcase are available to current exhibitors at a 25% discounted rate.
