

# Island Exhibits

The minimum island (formerly Freeform) booth size is 20' x 20' with four corners and rented in 10' increments. All island exhibits should have access from all four sides. **New for 2020: Additionally, each side of the exhibit space must have a minimum of 25% accessibility or see-through effect (Plexiglass or similar see-through material) along each aisle.** To maximize the exhibit hall at McCormick Place, the east-west dimensions of any island exhibit space must be 20', 50', or 80' wide. RSNA may consider exceptions based on exhibit design elements, location and impact on surrounding exhibits. No part of any island exhibit may exceed a height of 24' from the floor of the exhibit hall.

In the AI Showcase, North Hall, level 1, no part of any island exhibit may exceed a height of 18' from the floor of the exhibit hall.

## Setback Requirements

### 20' wide island:

- 1' setback from an aisle of the exhibit space
- Reception counters/information kiosks may not be closer than 2' from an aisle.

### 50' wide island:

- 2' setback from an aisle of the exhibit space
- Reception counters/information kiosks may not be closer than 3' from an aisle.

### 80' wide island:

- 3' setback from an aisle of the exhibit space
- Reception counters/information kiosks may not be closer than 4' from an aisle.

Exhibitors are required to provide floor coverings for all booths.
