

# Introducing **On-Call** into Medical Student Radiology Clerkship: Our Experience

Patel, J., Shingala, P., Funsch, C., King, C., Pettyjohn, S., Tsai, T., Garg, R., Amorosa, J.

# On-Call in Radiology?

Surgery, Medicine, OB GYN, Pediatrics- all have on-call

## OBJECTIVES:

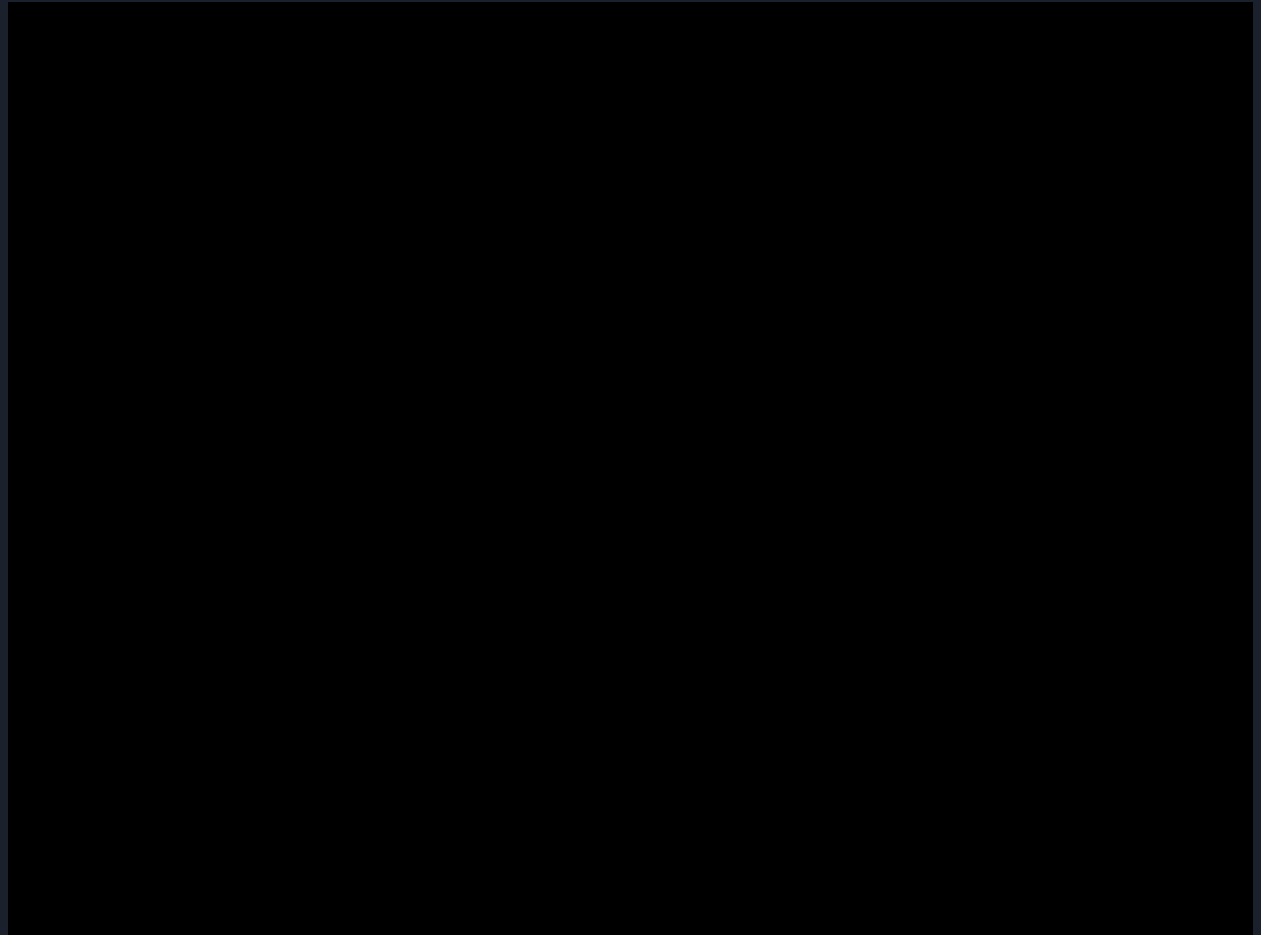

Evaluate on call experiences

Do students like on call radiology?

\*\*Show students the role of radiology in patient management

# Video

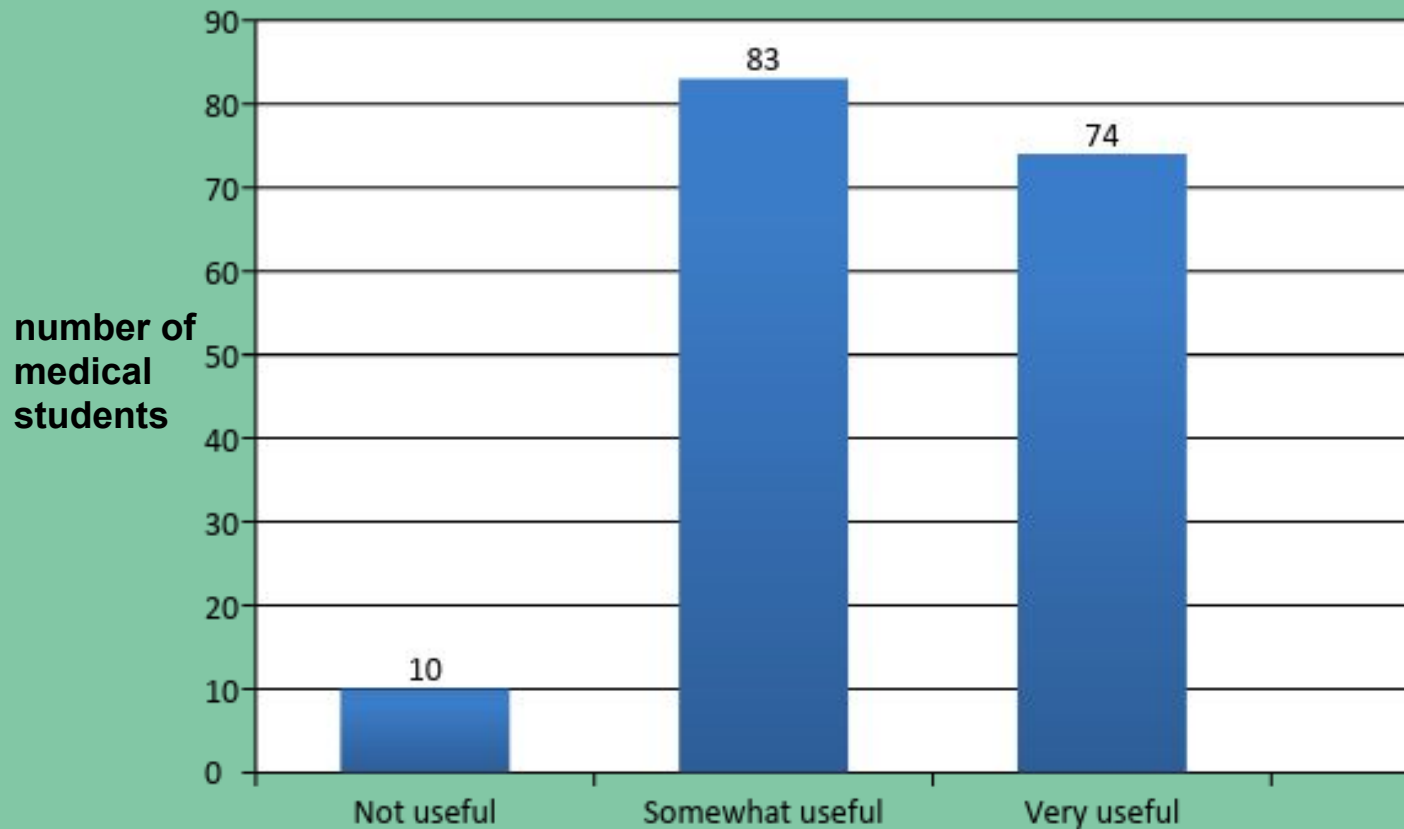

# Methods

2 evenings, 2 hours (5-7 PM, *THAT'S ENOUGH*) in 4 weeks

- 15% of final grade
- Tasks: observe and help resident, make calls, go to ED, google references, review images, etc.
- Passport
- Evaluation

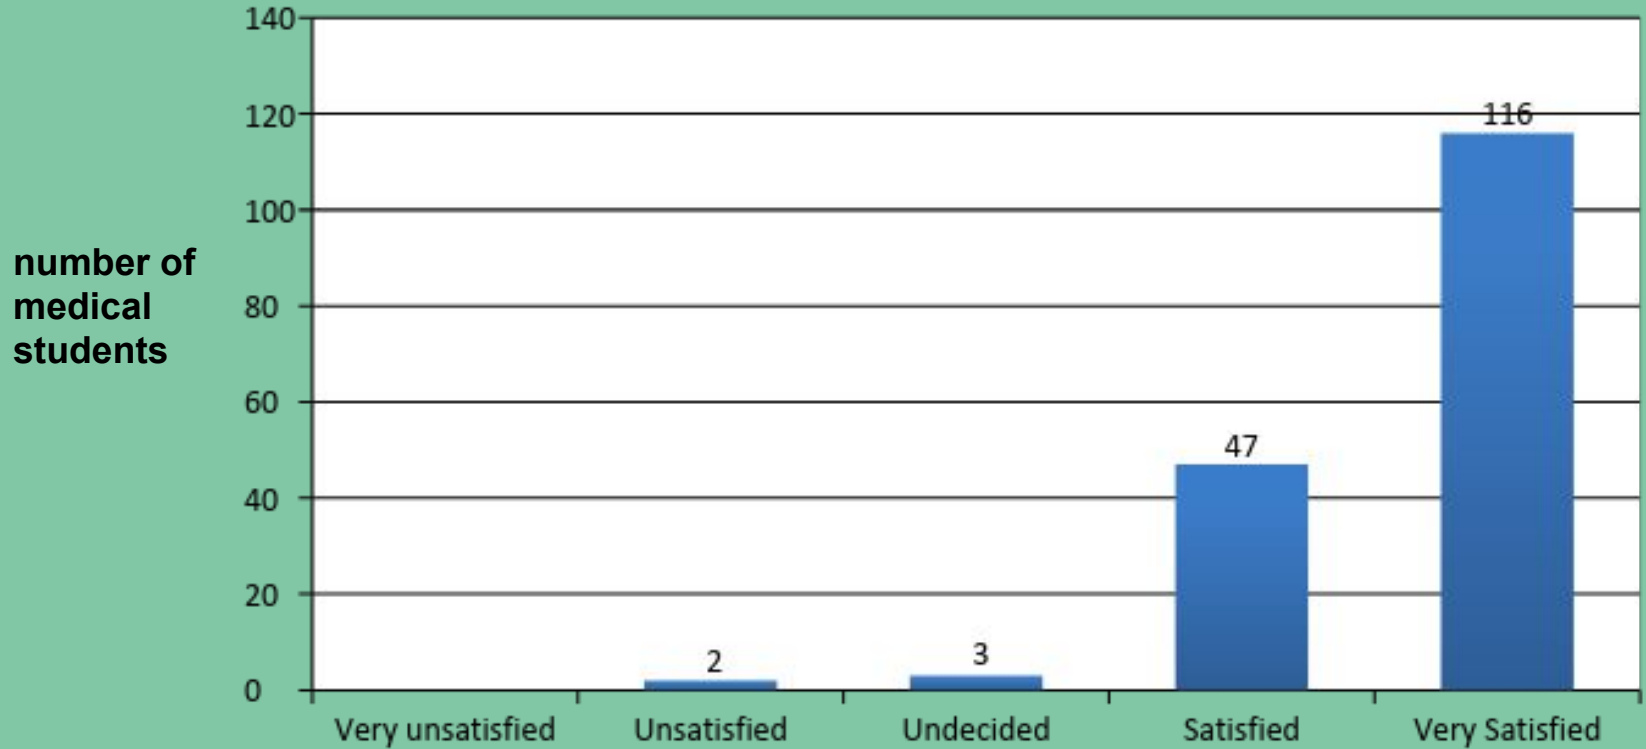

# Student Perception of On-Call Utility

n=167

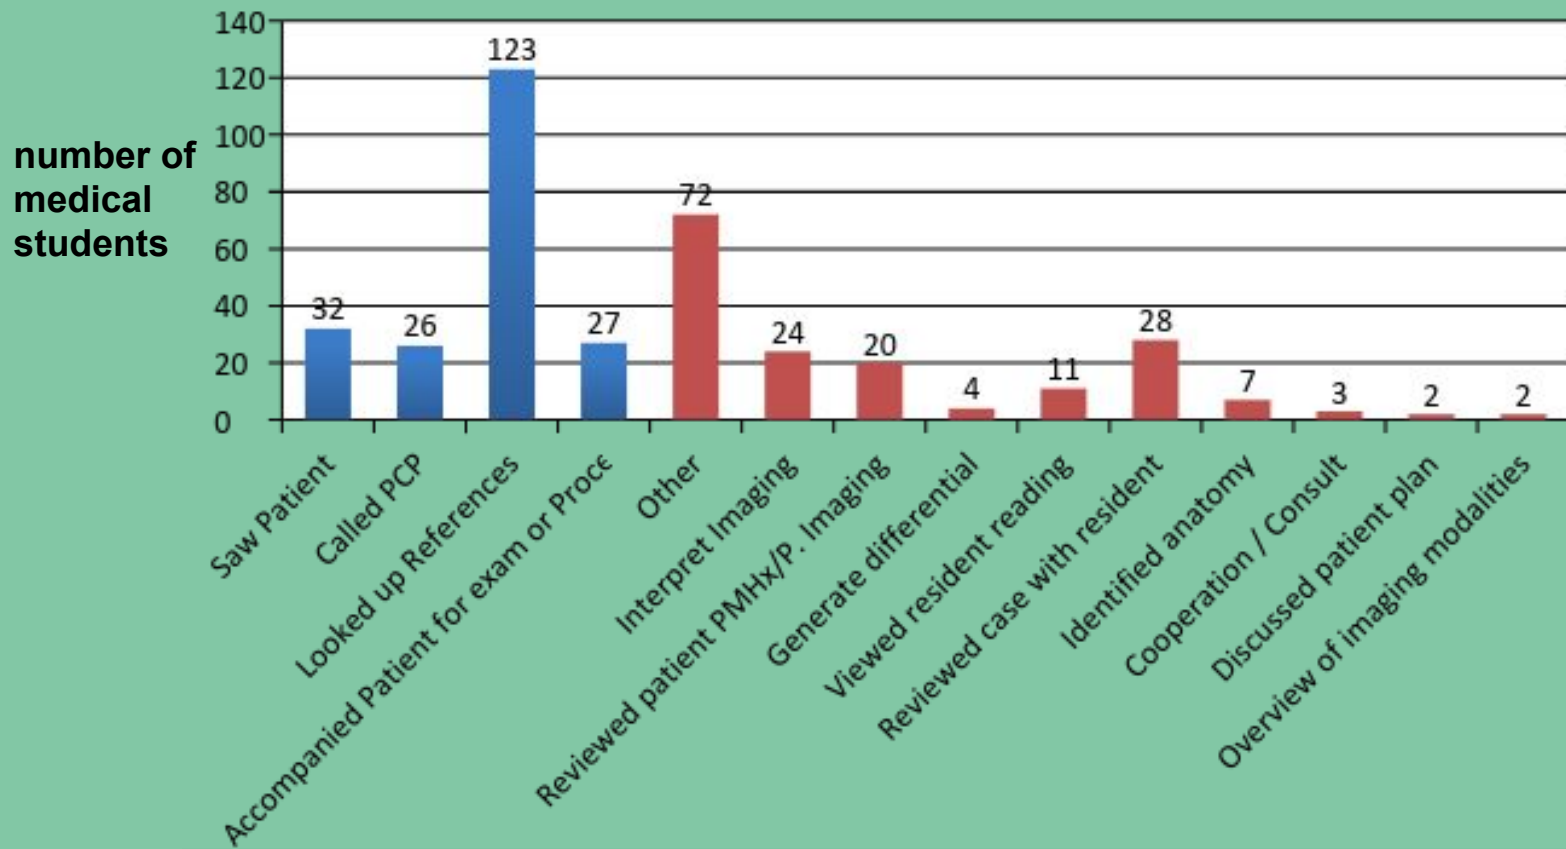

## Student Satisfaction with Resident On-Call

n=168

# Student Duties Completed While On-Call

n=169

# CONCLUSION

- Medical student/future physician recognizes importance of imaging in 24 hour patient care!
- 98% are satisfied with the experience

24  
7  
365

## COMMENTS

- More time with residents
- Good learning experience
- High volume of cases for learning
- Diverse variety of cases
- Similar cases as seen during the day
- Residents are busy and may not have time for teaching
- Inconvenient hours because of traffic
- Allowed only one student per night, limiting schedule flexibility

What hurdles are preventing you from implementing student on-call?
