

RSNA Knee Abnormality Detection AI Challenge Acknowledgments

RSNA would like to thank the following individuals and organizations whose contributions made possible the RSNA Knee Abnormality Detection AI Challenge.

Challenge Organizing Team

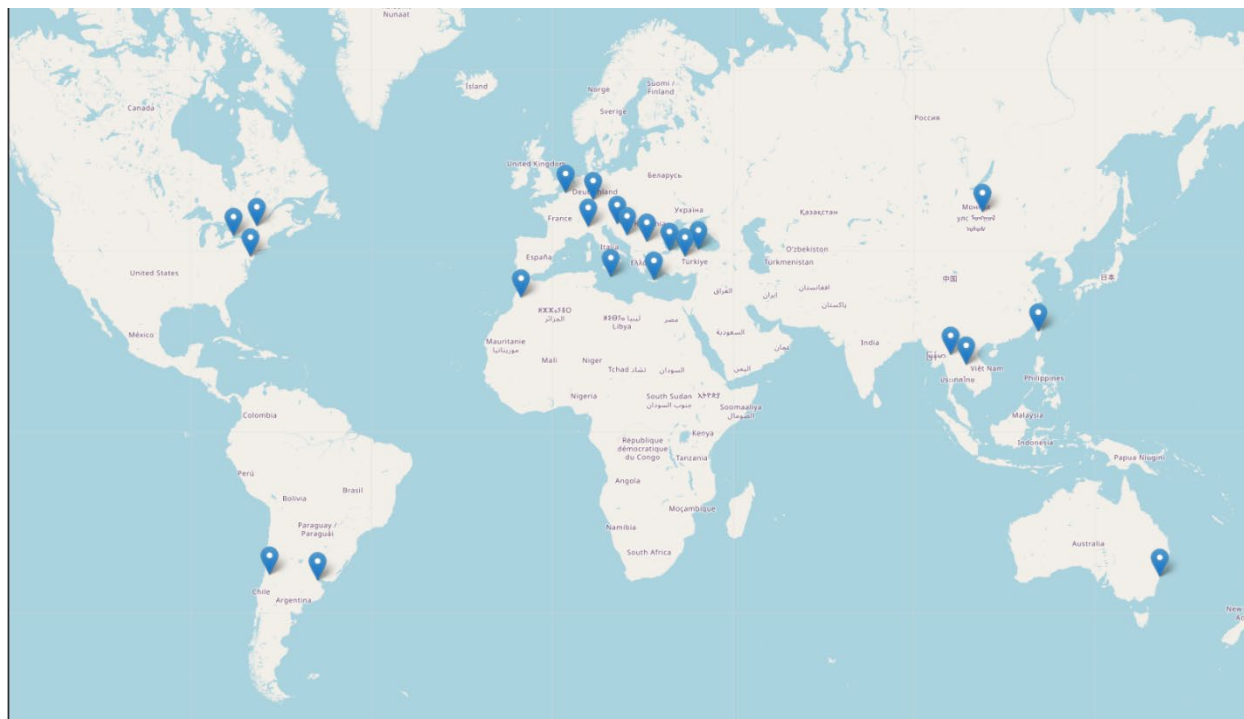

Po-Hao "Howard" Chen, MD, MBA – Cleveland Clinic, USA
Naveen Subhas, MD, MPH – Cleveland Clinic, USA
Oganes Ashikyan, MD – UT Southwestern, USA
Pieter Baeyens, MD – AZ Delta, Belgium
Robyn Ball, PhD – The Jackson Laboratory, USA
Errol Colak, MD – Unity Health Toronto, University of Toronto, Canada
Ali Emami, PhD – Emory University, USA
Adam Flanders, MD – Thomas Jefferson University, USA
Hillary Garner, MD – Mayo Clinic Jacksonville, USA
Jacob Kazam, MD – Cornell University, USA
Felipe Kitamura, MD, PhD – Universidade Federal de São Paulo, Brazil
Hui-Ming Lin, HBSc - Unity Health Toronto, Canada
Luciano Prevedello, MD, MPH – Ohio State University, USA
Daniel Schneider, MD – Cleveland Clinic, USA
Paul Yi, MD – St. Jude Children's Research Hospital, USA

Data Contributors

Thank you to the following institutions for contributing de-identified MRI images, radiology reports and associated clinical data that was assembled to create the challenge dataset:

AZ Delta, Roeselare, Belgium
Centro Rossi, Buenos Aires, Argentina
Chiang Mai University, Chiang Mai, Thailand
China Medical University Hospital, Taichung, Taiwan
CHU Mohamed VI Cadi Ayyad University, Marrakech, Morocco
Clinica Alemana Santiago de Chile, Santiago, Chile
Hacettepe University School of Medicine, Ankara, Türkiye
Khon Kaen University, Khon Kaen, Thailand
Koç University Hospital, Istanbul, Türkiye
Mater Dei Hospital, Msida, Malta
McGill University Health Centre, Montreal, Canada
Samsun Training and Research Hospital, Samsun, Türkiye
Sofia University "St. Kliment Ohridski", Sofia, Bulgaria
Thomas Jefferson Hospital, Philadelphia, PA, USA
Unity Health Toronto, Toronto, Canada
University Hospital Dubrava, Zagreb, Croatia
University Hospital of Heraklion, Crete, Greece
University Hospital of Würzburg, Würzburg, Germany
University of Sarajevo, Sarajevo, Bosnia and Herzegovina

Thank you to the additional contributing sites:
Intermed Hospital, Ulaanbaatar, Mongolia
Liverpool Hospital, Liverpool, NSW, Australia
Salus Vigevano Centro Sanitario Depa, Vigevano, Italy

Data Curators

- Hui-Ming Lin, HBSc - Unity Health Toronto, Canada
- Jason Sho – RSNA, USA

Data Annotators

The challenge organizers wish to thank the Society of Skeletal Radiology and the International Skeletal Society for recruiting its members to join the annotation team that labeled the dataset used in the challenge.

Pieter VanDyck, MD, PhD - University Hospital Antwerp, Belgium

Nicholas Marc Beckmann, MD - UTHealth – McGovern School of Medicine, USA

Takeshi Fukuda, MD, PhD - The Jikei University School of Medicine, Japan

Hiroshi Yoshioka, MD, PhD - University of California, Irvine, USA

Jee Won Chai, MD, PhD - SMG-SNU Boramae Medical Center, Republic of Korea

Kathryn J. Stevens, MB, BS - Stanford University School of Medicine, USA

Kevin C. McGill, MD, MPH - University of California, San Francisco, USA

Christopher J. Gottsegen, MD - NYU Grossman School of Medicine, USA

Joseph Tang, MD - University of Wisconsin, USA

Debajyoti Saha, MD - UMass Memorial Medical Center, USA

Parthiv N Mehta, MBBS, MD (DABR) - Virtual Radiologic, Inc, USA

Youngjune Kim, MD, PhD - Seoul National University Bundang Hospital, Republic of Korea

Pamela J. Walsh, MD - Northwell Health, USA

Jason Matakas, MD - Weill Cornell Medical College/ New York Presbyterian Hospital, USA

Daniel M. Walz, MD - Lenox Hill Hospital/Northwell Health, USA

Matthew Irwine, MD - Mayo Clinic, USA

Michael Hoy, MD - Thomas Jefferson University Hospital, USA

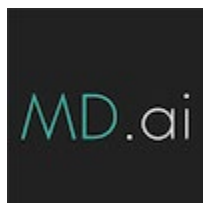

Tatiane Cantarelli Rodrigues, MD - Ottawa Hospital, University of Ottawa, Canada

Gregory Dave R. Taverner, MD, FPCR, FCTMRISP, FUSP - St. Luke's Medical Center, Philippines

Report and Image QC Reviewers

Thank you to the following individuals for their contributions to the quality review of radiology reports and imaging data.

Lejla Aganovic, MD - University of California, San Diego, USA
Ersa Akcicek, MD - Lunenfeld Tanenbaum Research Institute, Canada
Reza Al-Saudi
Ferco Berger, MD, FRCPC - Sunnybrook, Health Sciences Centre, University of Toronto, Canada
Rodrigo Borrero-Leon, MD - Fundación Cardioinfantil-LaCardio, Colombia
Jason Ciotola-Koch, DO - USA
Ceylan Colak, MD - Mayo Clinic, USA
Priscila Crivellaro, MD - St. Michael's Hospital, University of Toronto, Canada
Susanne Gaube, PhD - UCL Global Business School for Health, University College London, United Kingdom
Violeta Groudeva, MD, PhD - University Hospital Saint Ekaterina, Medical University Sofia, Bulgaria
Samir Grover, MD, MEd, FRCPC – University of Toronto, Canada
Sebastiaan Hermans, MD - Heilig Hart Ziekenhuis, Belgium
Jeffrey D. Jaskolka, MD, FRCPC - University of Toronto, Canada
Markus Lammle, MD, PhD - Upstate Medical University, USA
Lara Gabrielle Lim, MD - Unity Health, Canada
Muhammad Munshi, MD, FRCPC - University of Toronto, Canada
Anastasia Oikonomou, MD, PhD, FRCPC - Sunnybrook, Health Sciences Centre, University of Toronto, Canada
Dawn Pearce, MD - Unity Health, Canada
Samia Sayyid
Andreas Schicho, MD, EDIR, EBIR - Germany
Senad Senderovic - Canada
Rafael Boava Souza, MD - Universidade Federal de São Paulo - UNIFESP, Brazil
Monica Tafur, MD, FRCPC - St. Michael's Hospital, University of Toronto, Canada
Paraskevi A. Vlachou, MBChB, FRCR - Unity Health Toronto, Canada
Sahika Betul Yayli, MD - Mayo Clinic, USA
Ali Yikilmaz, MD - McMaster University, Canada

Special thanks to [MD.ai](#) for providing tooling for the data annotation process.
