

The City that Works and the City that Plays.

THERE'S A REASON SO MANY PEOPLE LOVE TO VISIT CHICAGO FOR WORK.

It's affordably accessible from anywhere, public transportation makes getting around town a snap, and McCormick Place remains the undisputed leader in modern, sophisticated convention centers.

And, of course, there's deep-dish pizza. And acclaimed cutting-edge fine dining. And did you know that Chicago was named Best Restaurant City of the Year by Bon Appetit, and that Rick Bayless's Topolobampo now has a James Beard Award?

....And then there's the architecture. And world-class shopping on Michigan Avenue. And five-star hotels. And big theaters. And small theaters. And "the Bean". And, oh, did you know the Art Institute of Chicago was voted the No. 1 museum in the world? And if you haven't seen how the area around iconic Wrigley Field has become a year-round destination in 2018, get ready....

And, whew. There's a reason that RSNA 2018 is radiology's premier event.

We're looking forward to seeing you there!
