

Island Booth Approval Form

Deadline: September 2, 2016

All island exhibitors must submit this form with complete scale drawings, both concept and construction, indicating all dimensions including applicable setbacks and supplemental lighting requests, to RSNA by September 2, for basic approval. Plans will be reviewed for general conformity to Rule 9D. Please complete this form and submit with your floor plans indicating heights and applicable setback. See RSNA Rules and Regulations for Exhibit Design guidelines.

When planning your exhibit for RSNA 2016, keep in mind:

- No part of any island exhibit may exceed a height of 24' from the floor of the exhibit hall.
- All island exhibits are permitted to have hanging signs and banners. These booth
 elements must be fixed and located within the confines of the booth. Hanging signs
 or banners between contiguous exhibits will not be considered. Maximum height
 permitted for hanging signs and banners is 24' at top.
- · All island exhibits should have access from all four sides.
- 20' wide island exhibits must maintain a 1' setback of all exhibit structure from the

floor to 8' in height. Reception counters/information kiosks may not be closer than 2' from the aisle.

- 50' wide island exhibits must maintain a 2' setback of all exhibit structure from the floor to 8' in height. Reception counters/information kiosks may not be closer than 3' from the aisle.
- 80' wide island exhibits must maintain a 3' setback of all exhibit structure from the floor to 8' in height. Reception counters/information kiosks may not be closer than 4' from the aisle.
- Exhibit and/or display components exceeding 12' in height must be approved by a licensed structural engineer. A set of approved floor plans must be accessible during installation of exhibit.
- McCormick Place Facility Guidelines are available at www.mccormickplace.com.
- Penalty: Failure to submit Freeform Booth Approval Form by September 2, 2016 may prohibit construction of exhibit.
