

Peninsula Booth Approval Form

Deadline: September 2, 2016

All Peninsula exhibitors must submit this form with complete scale drawings, both concept and construction, indicating all dimensions including applicable setback requests to RSNA by September 2 for basic approval. Please complete this form and submit with your floor plans indicating conformation to RSNA peninsula booth regulations. See Rule 9C of the RSNA Rules and Regulations for complete peninsula guidelines.

When planning your exhibit for RSNA 2016, keep in mind:

- Only a 10'-wide backwall can be built within a peninsula exhibit.
- No part of the backwall can exceed a height of 8' from floor of the exhibit hall.
- Each 5' side of the backwall cannot exceed the height of 4' as not to block the view or impede the sight lines of neighboring exhibitors.

See diagram of peninsula booth layout on the right.

Penalty: Failure to submit Peninsula Booth Approval Form by September 2 may prohibit construction of exhibit.
