

# INTRODUCTION TO ACADEMIC RADIOLOGY

The Radiological Society of North America (RSNA®), Association of University Radiologists (AUR) and American Roentgen Ray Society (ARRS) offer an Introduction to Academic Radiology program for second-year residents. Sessions are held during the RSNA and ARRS annual meetings.

## Program learning objectives:

- ▶ Introduce residents to academic radiology early in their residencies
- ▶ Demonstrate the importance of research in radiologic sciences
- ▶ Share the excitement of academic careers in radiology
- ▶ Introduce residents to successful clinical radiology researchers, future colleagues and potential mentors

## Proposed topics include:

- ▶ Designing a Research Question
- ▶ Preparing a Manuscript
- ▶ Evidence-based Medicine
- ▶ Finding a Mentor
- ▶ Realities of an Academic Career
- ▶ Health Policy and Patient Engagement

Note: Actual lecture titles may vary

RSNA | AUR | ARRS

THE PROGRAM IS HELD DURING THESE ANNUAL MEETINGS:

## RSNA Annual Meeting

November 26–November 30, 2017  
McCormick Place, Chicago

## ARRS Annual Meeting

April 22–April 27, 2018  
Marriott Wardman Park Hotel  
Washington, DC

Completed application/nomination forms must be received by RSNA no later than **July 15, 2017**.

To access the nomination form, go to  
[RSNA.org/ITAR](http://RSNA.org/ITAR)
