

2019 CLINICAL TRIALS METHODOLOGY WORKSHOP

Hyatt Regency Mission Bay Spa and Marina

► **Workshop dates:**

January 5–11, 2019, Hyatt Regency Mission Bay Spa and Marina, San Diego, CA.

► **Learning objectives:**

Acquire the tools and expertise to develop a protocol and become a funded principal investigator for imaging clinical trials.

► **Who should apply:**

MD and PhD investigators who are junior faculty members in radiology, radiation oncology or nuclear medicine departments. Mid-career faculty and fellows may also be considered.

► **Application deadline:**

June 15, 2018. Applications are available online at RSNA.org/CTMW. For more information, contact Fiona Miller at 1-630-590-7741 or dor@rsna.org.

Note: Candidate's department must commit to providing financial support for transportation and hotel (onsite stay required).

The Radiological Society of North America (RSNA®) is holding its 14th Clinical Trials Methodology Workshop. Applicants will undergo a competitive selection process for entrance into the 6-day course. Successful applicants will participate in advance preparation, didactic sessions, one-on-one mentoring, small-group discussion sessions, self-study and individual protocol development. Participants will learn how to develop protocols for the clinical evaluation of imaging modalities. Familiarity with basic concepts and techniques of statistics and study design is required.

A dynamic and experienced faculty will cover topics including:

- Principles of clinical study design
- Statistical methods for imaging studies
- Practicalities of running a clinical trial
- Image guided intervention studies
- Regulatory processes
