

Thank You for Choosing Rose Radiology!

Do You Know Who is Reading Your Examination?

Radiologist:

A radiologist is a physician who has specialized training in obtaining and interpreting medical images, which makes him or her an imaging expert.

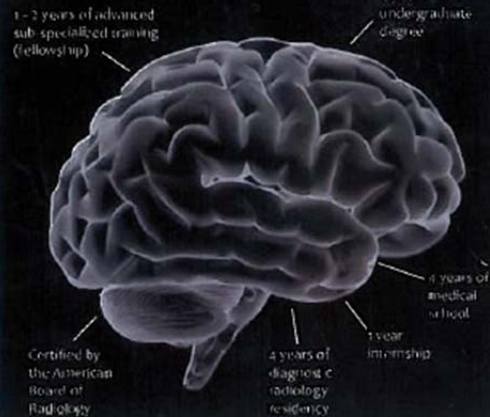

— radiologyinfo.org

The Rose Radiology Department is partnered with Diversified Radiology to provide professional radiology interpretation services.

Your Technologist's Name: _____

Your radiologist, more than 13 years in the making.

Diversified Radiology

Diversified Radiology is a group of radiologists who make quality patient care our primary goal. We are the physicians who perform and interpret the procedure you had today. Your radiologists are board certified and sub-specialized in their fields, which include: neuroradiology, pediatric radiology, musculoskeletal radiology, women's imaging, interventional radiology and body imaging.

While you might not have seen us, we know you are here; we know your physicians and what they are looking for. We work hard to assure that you are having the best and safest test to address your symptoms. Our exams are all tailored under the principle of using the lowest radiation dose possible to obtain accurate data. We work continually with a radiation physicist to assure your examinations are very safe.

DISCHARGE INSTRUCTIONS

If you have questions about your results please contact the physician who ordered your examination. He/she will have access to the radiologist's interpretation of your imaging exam within 24 hours. If you require a copy of your results or images, you can request them via our front desk when you are here, or you can call 303.320.2290.
